4. Phal. gigantea "Josh" x Phal. lueddemanniana "Wu's"
5. Phal. gigantea "Majestic" x Phal. gigantea "Josh"

Mother Plants Descriptions:-

1. Phal. bellina "Joan" has largest (5.8cm ac) and flattest flower among our collections.
2. Phal. bellina "Red Alert" can hold many flowers at one time, and the old stalks will continue to bloom.
3. Phal. lueddemanniana "KF8" is one of the best phal. lueddemanniana with intense color and good form.
4. Phal. lueddemanniana "Wu's" is another good Phal. lueddemanniana from Joseph Wu.
5. Phal. Princess Kaiulani "Star General" has large, intense color and good form flower.
6. Phal. gigantea "Josh" reaches 6cm ac in its last blooming. It is one of the best Phal. gigantea ever come across.
7. Phal. gigantea "Majestic" is of good form and shape with more dark red blotches than average.
